

**Sandra Evans**

**Member of Australasian Porcelain Art Teachers (Qld), Inspirations Ipswich and Brisbane Visual Arts Community –Treasurer.**

I have worked in decorating glass, ceramic & porcelain since 1989. I have attended workshops on specific techniques with respected exponents of the art from Britain, and Australia.

I have explored the various techniques used in painting on porcelain, glazed and unglazed, producing realistic art through to pure abstract designs and incorporating the many surface textures available to the modern artist.

I produce my own porcelain, vases, boxes, animals etc. working from porcelain clay & slip to final glazing and decorating.

I continue to experiment with kiln-fired glass art using airbrushing, pen, brush and other techniques to produce my art works. My preference is for modern design on slumped glass shapes.

I have conducted workshops and demonstrations in these techniques. I have judged in regional and State competitions for glass and porcelain art I am currently President of Australasian Porcelain Art Teachers (Queensland) Inc. and Treasurer of Brisbane Visual Arts Community. Treasurer of Inspirations Ipswich.
