

Western Suburbs Clayworkers Members

My name is Rachael Torepe and I have been a member of Western Suburbs Clayworkers (WSC), for two years. I get my inspiration from my Mum and my 11 year old niece who loves animals. The first "Totem Pole" I made was for her. It was fun and then I found that lots of people liked them.

I have my "Totem Poles" at the Pop up Shops and they are very popular with all the visitors.
